

EMPOWERING CALIFORNIA DISTRICTS TO MEET EXPANDED LEARNING MANDATES WITH EASE

THE CHALLENGE

THE 9-HOUR DAY & 30-DAY MANDATE

California's Expanded Learning Opportunities Program (ELOP) requires districts to provide 9 hours of combined instructional and expanded learning time, plus 30 days of intersession programming. Finding qualified staff and high-quality curriculum to fill those hours is the #1 challenge for ELOP coordinators.

THE SOLUTION

CAMP TO CLASSROOM BY PALI INSTITUTE

We bring the mountain-camp experience to your campus. Our program is built to align with EC Section 46120 and the California Quality Standards for Expanded Learning – so your district stays compliant while students get an experience they'll remember
